Civil Contempt Petition No. 262 of 2002

Hon'ble Irshad Hussain J.

Heard the learned counsel for the parties. This is a contempt petition. It is alleged that the respondents have not complied with the order of the Court dated 3.9.2002. The counter affidavit filed by the respondents shows that the representation of the petitioners was considered and a speaking order was passed. In view of the matter the contempt petition is not maintainable and is accordingly dismissed.

If the petitioners are aggrieved by the order of rejection of their representation, they may have to file a fresh writ petition seeking positive relief in their favour regarding appointment in the Government Department.
